WHAT'S DOING?

REMEMBER MOTHERS DAY—MAY 14

Your Torrance Business Office reminds you that—May means Mothers Day—and if you've run out of ideas how about getting her a petite and pert Princess telephone for her very own in a decorator color she'll adore?

Have it installed by her bedside, and let it glow softly through the night. Be sure she lifts that little Princess phone often, to receive your welcome calls. Remember night rates now apply for long distance calls between most California points, including both station-to-station and person-to-person, from 6:00 P.M. to 6:00 A.M. and all day on Sundays and Holidays.

INVEST-IN-AMERICA Council reminds us that our savings and investments mean money at work for greater economic growth.

Have you ever wondered what you could do about "pushy" sales calls? Well, when one of these "over-eager-beavers" calls you at an inconvenient time; won't take "no" for an answer; or gives you a sales pitch that sounds deceptive or unbelievable... firmly refuse the offer and hang up.

Of course, most people who sell by phone do so courteously and considerately, offering honest values you may well be interested in. And we give any business which is interested free information about good telephone selling. We ask that they make sales calls only to bona fide prospects and that they identify themselves clearly and approach you honestly.

So, if you're ever bothered by a rude sales call refuse the caller your time and attention and just hang up. You don't have to listen to the message. And the caller will certainly get yours.
